3           SECTION 3. IC 22-3-7-16, AS AMENDED BY P.L.134-2006,  
 4           SECTION 9, IS AMENDED TO READ AS FOLLOWS [EFFECTIVE  
 5           JULY 1, 2007]: Sec. 16. (a) Compensation shall be allowed on account  
 6           of disablement from occupational disease resulting in only temporary  
 7           total disability to work or temporary partial disability to work  
 8           beginning with the eighth day of such disability except for the medical  
 9           benefits provided for in section 17 of this chapter. Compensation shall  
 10          be allowed for the first seven (7) calendar days only as provided in this  
 11          section. The first weekly installment of compensation for temporary  
 12          disability is due fourteen (14) days after the disability begins. Not later  
 13          than fifteen (15) days from the date that the first installment of  
 14          compensation is due, the employer or the employer's insurance carrier  
 15          shall tender to the employee or to the employee's dependents, with all  
 16          compensation due, a properly prepared compensation agreement in a  
 17          form prescribed by the board. Whenever an employer or the employer's  
 18          insurance carrier denies or is not able to determine liability to pay  
 19          compensation or benefits, the employer or the employer's insurance  
 20          carrier shall notify the worker's compensation board and the employee  
 21          in writing on a form prescribed by the worker's compensation board not  
 22          later than thirty (30) days after the employer's knowledge of the  
 23          claimed disablement. If a determination of liability cannot be made  
 24          within thirty (30) days, the worker's compensation board may approve  
 25          an additional thirty (30) days upon a written request of the employer or  
 26          the employer's insurance carrier that sets forth the reasons that the  
 27          determination could not be made within thirty (30) days and states the  
 28          facts or circumstances that are necessary to determine liability within  
 29          the additional thirty (30) days. More than thirty (30) days of additional  
 30          time may be approved by the worker's compensation board upon the  
 31          filing of a petition by the employer or the employer's insurance carrier  
 32          that sets forth:

- 33           (1) the extraordinary circumstances that have precluded a
- 34           determination of liability within the initial sixty (60) days;
- 35           (2) the status of the investigation on the date the petition is filed;
- 36           (3) the facts or circumstances that are necessary to make a
- 37           determination; and
- 38           (4) a timetable for the completion of the remaining investigation.

39          An employer who fails to comply with this section is subject to a civil  
 40          penalty of fifty dollars (\$50), to be assessed and collected by the board  
 41          upon notice and hearing. Civil penalties collected under this section  
 42          shall be deposited in the state general fund.

(b) Once begun, temporary total disability benefits may not be terminated by the employer unless:

- (1) the employee has returned to work;
- (2) the employee has died;
- (3) the employee has refused to undergo a medical examination under section 20 of this chapter;
- (4) the employee has received five hundred (500) weeks of temporary total disability benefits or has been paid the maximum compensation allowable under section 19 of this chapter; or
- (5) the employee is unable or unavailable to work for reasons unrelated to the compensable disease.

In all other cases the employer must notify the employee in writing of the employer's intent to terminate the payment of temporary total disability benefits, and of the availability of employment, if any, on a form approved by the board. If the employee disagrees with the proposed termination, the employee must give written notice of disagreement to the board and the employer within seven (7) days after receipt of the notice of intent to terminate benefits. If the board and employer do not receive a notice of disagreement under this section, the employee's temporary total disability benefits shall be terminated. Upon receipt of the notice of disagreement, the board shall immediately contact the parties, which may be by telephone or other means, and attempt to resolve the disagreement. If the board is unable to resolve the disagreement within ten (10) days of receipt of the notice of disagreement, the board shall immediately arrange for an evaluation of the employee by an independent medical examiner. The independent medical examiner shall be selected by mutual agreement of the parties or, if the parties are unable to agree, appointed by the board under IC 22-3-4-11. If the independent medical examiner determines that the employee is no longer temporarily disabled or is still temporarily disabled but can return to employment that the employer has made available to the employee, or if the employee fails or refuses to appear for examination by the independent medical examiner, temporary total disability benefits may be terminated. If either party disagrees with the opinion of the independent medical examiner, the party shall apply to the board for a hearing under section 27 of this chapter.

(c) An employer is not required to continue the payment of temporary total disability benefits for more than fourteen (14) days after the employer's proposed termination date unless the independent medical examiner determines that the employee is temporarily disabled and unable to return to any employment that the employer has made available to the employee.

**C

(d) If it is determined that as a result of this section temporary total disability benefits were overpaid, the overpayment shall be deducted from any benefits due the employee under this section and, if there are no benefits due the employee or the benefits due the employee do not equal the amount of the overpayment, the employee shall be responsible for paying any overpayment which cannot be deducted from benefits due the employee.

(e) For disablements occurring on and after July 1, 1976, from occupational disease resulting in temporary total disability for any work there shall be paid to the disabled employee during the temporary total disability weekly compensation equal to sixty-six and two-thirds percent ( $66\frac{2}{3}\%$ ) of the employee's average weekly wages, as defined in section 19 of this chapter, for a period not to exceed five hundred (500) weeks. Compensation shall be allowed for the first seven (7) calendar days only if the disability continues for longer than twenty-one (21) days.

Compensation shall be allowed for the first seven (7) calendar days only if the disability continues for longer than twenty-one (21) days. In case of partial disability after the period of temporary total disability, the latter period shall be included as a part of the maximum period allowed for partial disability.

(g) For disabilities occurring on and after July 1, 1979, and before July 1, 1988, from occupational disease in the schedule set forth in subsection (j), the employee shall receive in addition to disability benefits, not exceeding fifty-two (52) weeks on account of the occupational disease, a weekly compensation of sixty percent (60%) of the employee's average weekly wages, not to exceed one hundred twenty-five dollars (\$125) average weekly wages, for the period stated for the disabilities.

However, when such permanent reduction without correction or glasses would result in one hundred percent (100%) loss of vision, but correction or glasses would result in restoration of vision, then compensation shall be paid for fifty percent (50%) of such total loss of vision without glasses plus an additional amount equal to the proportionate amount of such reduction with glasses, not to exceed an additional fifty percent (50%).

(7) For the permanent and complete loss of hearing, two hundred (200) weeks.

(12) For any permanent reduction of the hearing of one (1) or both ears, less than the total loss as specified in subdivision (6), compensation shall be paid in an amount proportionate to the

(n) If any employee, only partially disabled, refuses employment suitable to the employee's capacity procured for the employee, the employee shall not be entitled to any compensation at any time during the continuance of such refusal unless, in the opinion of the worker's compensation board, such refusal was justifiable. The employee must be served with a notice setting forth the consequences of the refusal under this subsection. The notice must be in a form prescribed by the worker's compensation board.

(o) If an employee has sustained a permanent impairment or disability from an accidental injury other than an occupational disease in another employment than that in which the employee suffered a subsequent disability from an occupational disease, such as herein specified, the employee shall be entitled to compensation for the subsequent disability in the same amount as if the previous impairment or disability had not occurred. However, if the permanent impairment or disability resulting from an occupational disease for which compensation is claimed results only in the aggravation or increase of a previously sustained permanent impairment from an occupational disease or physical condition regardless of the source or cause of such previously sustained impairment from an occupational disease or physical condition, the board shall determine the extent of the previously sustained permanent impairment from an occupational disease or physical condition as well as the extent of the aggravation or increase resulting from the subsequent permanent impairment or disability, and shall award compensation only for that part of said occupational disease or physical condition resulting from the subsequent permanent impairment. An amputation of any part of the body or loss of any or all of the vision of one (1) or both eyes caused by an occupational disease shall be considered as a permanent impairment or physical condition.

(p) If an employee suffers a disablement from an occupational disease for which compensation is payable while the employee is still receiving or entitled to compensation for a previous injury by accident or disability by occupational disease in the same employment, the employee shall not at the same time be entitled to compensation for both, unless it be for a permanent injury, such as specified in subsection (k)(1), (k)(4), (k)(5), (k)(8), or (k)(9), but the employee shall be entitled to compensation for that disability and from the time of that disability which will cover the longest period and the largest amount payable under this chapter.

(q) If an employee receives a permanent disability from occupational disease such as specified in subsection (k)(1), (k)(4), (k)(5), (k)(8), or (k)(9) after having sustained another such permanent disability in the same employment, the employee shall be entitled to compensation for both such disabilities, but the total compensation shall be paid by extending the period and not by increasing the amount of weekly compensation and, when such previous and subsequent permanent disabilities, in combination result in total permanent disability or permanent total impairment, compensation shall be payable for such permanent total disability or impairment, but payments made for the previous disability or impairment shall be deducted from the total payment of compensation due.

(r) When an employee has been awarded or is entitled to an award of compensation for a definite period from an occupational disease wherein disablement occurs on and after April 1, 1963, and such employee dies from other causes than such occupational disease, payment of the unpaid balance of such compensation not exceeding three hundred fifty (350) weeks shall be paid to the employee's dependents of the second and third class as defined in sections 11 through 14 of this chapter and compensation not exceeding five hundred (500) weeks shall be made to the employee's dependents of the first class as defined in sections 11 through 14 of this chapter.

(s) Any payment made by the employer to the employee during the period of the employee's disability, or to the employee's dependents, which, by the terms of this chapter, was not due and payable when made, may, subject to the approval of the worker's compensation board, be deducted from the amount to be paid as compensation, but such deduction shall be made from the distal end of the period during which compensation must be paid, except in cases of temporary disability.

(t) When so provided in the compensation agreement or in the award of the worker's compensation board, compensation may be paid semimonthly, or monthly, instead of weekly.

C

(u) When the aggregate payments of compensation awarded by agreement or upon hearing to an employee or dependent under eighteen (18) years of age do not exceed one hundred dollars (\$100), the payment thereof may be made directly to such employee or dependent, except when the worker's compensation board shall order otherwise.

(v) Whenever the aggregate payments of compensation, due to any person under eighteen (18) years of age, exceed one hundred dollars (\$100), the payment thereof shall be made to a trustee, appointed by the circuit or superior court, or to a duly qualified guardian, or, upon the order of the worker's compensation board, to a parent or to such minor person. The payment of compensation, due to any person eighteen (18) years of age or over, may be made directly to such person.

(w) If an employee, or a dependent, is mentally incompetent, or a minor at the time when any right or privilege accrues to the employee under this chapter, the employee's guardian or trustee may, in the employee's behalf, claim and exercise such right and privilege.

(x) All compensation payments named and provided for in this section, shall mean and be defined to be for only such occupational diseases and disabilities therefrom as are proved by competent evidence, of which there are or have been objective conditions or symptoms proven, not within the physical or mental control of the employee.

11 (u) For all disabilities occurring on and after July 1, 1985, "average  
 12 weekly wages" means the earnings of the injured employee during the  
 13 period of fifty-two (52) weeks immediately preceding the disability  
 14 divided by fifty-two (52). If the employee lost seven (7) or more  
 15 calendar days during the period, although not in the same week, then  
 16 the earnings for the remainder of the fifty-two (52) weeks shall be  
 17 divided by the number of weeks and parts of weeks remaining after the  
 18 time lost has been deducted. If employment before the date of disability  
 19 extended over a period of less than fifty-two (52) weeks, the method of  
 20 dividing the earnings during that period by the number of weeks and  
 21 parts of weeks during which the employee earned wages shall be  
 22 followed if results just and fair to both parties will be obtained. If by  
 23 reason of the shortness of the time during which the employee has been  
 24 in the employment of the employer or of the casual nature or terms of  
 25 the employment it is impracticable to compute the average weekly  
 26 wages for the employee, the employee's average weekly wages shall be  
 27 considered to be the average weekly amount that, during the fifty-two  
 28 (52) weeks before the date of disability, was being earned by a person  
 29 in the same grade employed at the same work by the same employer or,  
 30 if there is no person so employed, by a person in the same grade  
 31 employed in that same class of employment in the same district.  
 32 Whenever allowances of any character are made to an employee  
 33 instead of wages or a specified part of the wage contract, they shall be  
 34 considered a part of the employee's earnings.

35 (v) The provisions of this article may not be construed to result in  
 36 an award of benefits in which the number of weeks paid or to be paid  
 37 for temporary total disability, temporary partial disability, or permanent  
 38 total disability benefits combined exceeds five hundred (500) weeks.  
 39 This section shall not be construed to prevent a person from applying  
 40 for an award under IC 22-3-3-13. However, in case of permanent total  
 41 disability resulting from a disablement occurring on or after January 1,  
 42 1998, the minimum total benefit shall not be less than seventy-five
